Objective

My objective is to gain new skills in computer programming and volunteer at sheCodes to help others to find their place in a new, challenging environment.

Present Occupation

Joined sheCodes February 2019 on the Web Course, volunteered as Events Coordinator, now Manager at the American Center Branch, Jerusalem. Attends Jewish study classes, frequently tours around Israel, and enjoys the company of children and grandchildren.

Relevant Professional Experience

- ♦ Writing and maintaining laboratory reports, laboratory manuals and logbooks
- ♦ Utilization of user manuals and operating manuals
- ♦ Editing and contributing to scientific articles for publication in international journals

Professional Employment

1974–2018, September, Analytical chemist at the Geological Survey of Israel, Geochemistry division

Retired 31 08 2018

Collaborated in the development of several projects, in particular in the area of organic geochemistry

1973 Analytical chemist at Fescol Electroplating, London (prior to emigration to Israel)

Education

B. Sc. Chemistry from Chelsea College, London University, England

Advanced level Matriculation in Mathematics, Physics and Chemistry

Attended courses, seminars and conferences on geological and analytical chemistry subjects, including courses at the Earth Science faculty, Hebrew University, Jerusalem.

Computer Skills

- ♦ Microsoft Office
- ♦ Basic Web design

Languages

- ♦ English, mother tongue
- ♦ Hebrew, spoken, reading and writing
- ♦ French, basic spoken, reading and writing

Personal details

Date of Birth: 2.8.51

Emigrated from England: 1974, British and Israeli Nationalities
